### What this policy covers

- Children and young people using our services, including those whose parents or carers are our customers.
- All staff, volunteers, students, agency workers, and anyone working on behalf of the Honeycomb Group.
- Guidance on how to recognise and report concerns, and who is responsible for what.

### Our goals

- To protect every child from harm or abuse.
- To listen to and respect children and young people.
- To work with families and other organisations to promote children's welfare.
- To make sure our staff are trained, safe to work with children, and supported to do the right thing.

### Key terms

## **Our approach**

- We have named safeguarding leads for both adult and children's services.
- We provide clear guidance on what to do if someone is worried about a child.

## **Legal compliance**

This policy follows UK laws and government guidance including:

- A yearly report goes to the Board, summarising training, concerns raised, and improvements made.
- Monitoring is always done in line with data protection rules.

## **Data protection**

- We store all safeguarding records safely and securely.
- Only the right people have access to this information.
- We follow Honeycomb Group's data protection policy to keep personal information safe.
